Hadoop tracks both bugs and enhancement requests using JIRA.

We welcome input, however, **before filing a request**, please make sure you do the following:

- Search the Apache JIRA database.
- Check the users [mailing lists](#), both by searching the archives and by asking questions.

1 Common

Hadoop Common issues are tracked in the [HADOOP](#) Jira instance.

2 HDFS

HDFS issues are tracked in the [HDFS](#) Jira instance.

3 YARN

YARN issues are tracked in the [YARN](#) Jira instance.

4 MapReduce

MapReduce issues are tracked in the [MAPREDUCE](#) Jira instance.
