

# Hadoop Project Mailing Lists

## Table of contents

|  |   |
|--|---|
| 1 User Mailing Lists.....                            | 2 |
| 2 Project Discussion/Announcement Mailing Lists..... | 2 |
| 3 Developer Mailing Lists.....                       | 2 |
| 4 Developer Tracking Mailing Lists.....              | 2 |

There are **many mailing lists** in the Hadoop project. Please use the appropriate list described below. In most cases it is necessary to first subscribe to a list before posting to it.

## 1. User Mailing Lists

| Lists @hadoop.apache.org  | Purpose   |
|---|---|
| <a href="mailto:common-user@hadoop.apache.org">common-user@</a>       | <b>Primary list for Hadoop user questions.</b>  |
| <a href="mailto:hdfs-user@hadoop.apache.org">hdfs-user@</a>           | <b>User questions related specifically to Hadoop HDFS.</b>  |
| <a href="mailto:mapreduce-user@hadoop.apache.org">mapreduce-user@</a> | <b>User questions related specifically to Hadoop MapReduce.</b>                                     |
| <a href="mailto:security@hadoop.apache.org">security@</a>             | A private list for security sensitive issues. You may post potential security vulnerabilities here. |

## 2. Project Discussion/Announcement Mailing Lists

| Lists @hadoop.apache.org                                | Purpose  |
|---|--|
| <a href="mailto:general@hadoop.apache.org">general@</a> | <b>Hadoop project level announcements and discussions.</b> All Hadoop releases are announced on this list.<br><b>NOTE:</b> This mailing list is not for end-user questions and discussion. Please use a more-specific subproject's -user mailing list for such issues. |

## 3. Developer Mailing Lists

| Lists @hadoop.apache.org  | Purpose   |
|---|---|
| <a href="mailto:common-dev@hadoop.apache.org">common-dev@</a>       | For those contributing to the development (code, documentation and tests) of the Hadoop Common project.   |
| <a href="mailto:hdfs-dev@hadoop.apache.org">hdfs-dev@</a>           | For those contributing to the development (code, documentation and tests) of the Hadoop HDFS project.     |
| <a href="mailto:mapreduce-dev@hadoop.apache.org">mapreduce-dev@</a> | For those contributing to the development (code, documentation and tests) of the Hadoop MapReduce project |

## 4. Developer Tracking Mailing Lists

| Lists @hadoop.apache.org  | Purpose  |
|---|--|
| <a href="mailto:common-issues@hadoop.apache.org">common-issues@</a>         | View all Jira issue changes made in the <a href="#">Hadoop Common Jira</a> . No direct posting allowed.    |
| <a href="mailto:common-commits@hadoop.apache.org">common-commits@</a>       | View all code changes (diffs) made in the Hadoop Common project. No direct posting allowed.                |
| <a href="mailto:hdfs-issues@hadoop.apache.org">hdfs-issues@</a>             | View all Jira issue changes made in the <a href="#">Hadoop HDFS Jira</a> . No direct posting allowed.      |
| <a href="mailto:hdfs-commits@hadoop.apache.org">hdfs-commits@</a>           | View all code changes (diffs) made in the Hadoop HDFS project. No direct posting allowed.                  |
| <a href="mailto:mapreduce-issues@hadoop.apache.org">mapreduce-issues@</a>   | View all Jira issue changes made in the <a href="#">Hadoop MapReduce Jira</a> . No direct posting allowed. |
| <a href="mailto:mapreduce-commits@hadoop.apache.org">mapreduce-commits@</a> | View all code changes (diffs) made in the Hadoop MapReduce project. No direct posting allowed.             |
