

Hadoop Project Mailing Lists

Table of contents

1 User Mailing Lists.....	2
2 Project Discussion/Annoucement Mailing Lists.....	2
3 Developer Mailing Lists.....	2
4 Developer Tracking Mailing Lists.....	3

There are **many mailing lists** in the Hadoop project. Please use the appropriate list described below. In most cases it is necessary to first subscribe to a list before posting to it.

1 User Mailing Lists

Lists @hadoop.apache.org	Purpose
common-user@	Primary list for Hadoop user questions.
hdfs-user@	User questions related specifically to Hadoop HDFS.
mapreduce-user@	User questions related specifically to Hadoop MapReduce.
security@	A private list for security sensitive issues. You may post potential security vulnerabilities here.

2 Project Discussion/Announcement Mailing Lists

Lists @hadoop.apache.org	Purpose
general@	<p>Hadoop project level announcements and discussions. All Hadoop releases are announced on this list.</p> <p>NOTE: This mailing list is not for end-user questions and discussion. Please use a more-specific subproject's -user mailing list for such issues.</p>

3 Developer Mailing Lists

Lists @hadoop.apache.org	Purpose
common-dev@	For those contributing to the development (code, documentation and tests) of the Hadoop Common project.
hdfs-dev@	For those contributing to the development (code, documentation and tests) of the Hadoop HDFS project.
mapreduce-dev@	For those contributing to the development (code, documentation and tests) of the Hadoop MapReduce project

4 Developer Tracking Mailing Lists

Lists @hadoop.apache.org	Purpose
common-issues@	View all Jira issue changes made in the Hadoop Common Jira . No direct posting allowed.
common-commits@	View all code changes (diffs) made in the Hadoop Common project. No direct posting allowed.
hdfs-issues@	View all Jira issue changes made in the Hadoop HDFS Jira . No direct posting allowed.
hdfs-commits@	View all code changes (diffs) made in the Hadoop HDFS project. No direct posting allowed.
mapreduce-issues@	View all Jira issue changes made in the Hadoop MapReduce Jira . No direct posting allowed.
mapreduce-commits@	View all code changes (diffs) made in the Hadoop MapReduce project. No direct posting allowed.
