

# Hadoop Issue Tracking

## Table of contents

1 Common.....	2
2 HDFS.....	2
3 YARN.....	2
4 MapReduce.....	2

Hadoop tracks both bugs and enhancement requests using JIRA.

We welcome input, however, **before filing a request**, please make sure you do the following:

- Search the Apache JIRA database.
- Check the users [mailing lists](#), both by searching the archives and by asking questions.

## 1. Common

Hadoop Common issues are tracked in the [HADOOP](#) Jira instance.

## 2. HDFS

HDFS issues are tracked in the [HDFS](#) Jira instance.

## 3. YARN

YARN issues are tracked in the [YARN](#) Jira instance.

## 4. MapReduce

MapReduce issues are tracked in the [MAPREDUCE](#) Jira instance.
